

Take the super sight-reader challenge!

Can you sight-read a new piece each day for the next 4 weeks?

Remember the 3 S's of sight-reading:

1. **Scan the score.** Check the key signature, time signature, starting notes, and look for any tricky spots in the music.
2. **Stay ahead.** Keep your eyes one measure ahead of your fingers as you play.
3. **Steady beat.** Focus on keeping a steady beat and keep going—no matter what!

Put an X on each day that you sight-read a new piece!
